

# 2025 Dual Program Study Planner

## Bachelor of Human Movement and Nutrition Sciences / Bachelor of Science

THE UNIVERSITY  
OF QUEENSLAND  
AUSTRALIA

CREATE CHANGE

### Program Overview

Program code: 2532  
Duration: 4 years full-time (or part-time equivalent)  
Total units: 64  
Commencement: Semester 1 and Semester 2  
Admission requirements: Please refer to [BHMNSc/BSc](#) study page

### Important Information

- At UQ we refer to your degree as a program and a subject as a course.
- Most UQ courses have a value of 2 units.
- If you are a full-time student, you will undertake 8 units (usually 4 courses) each semester.
- A course can only count once towards your program requirements

It is your responsibility to make sure you complete the requirements for each component of this dual program so you can graduate with both degrees. You must follow the program requirements, including any additional rules, listed on the [Programs and Courses website](#). This study planner must be used in conjunction with your program requirements.

You need to check the prerequisites, incompatible courses, restrictions and semester offerings for all courses you choose in your study plan. You are advised to check the scheduling for the current year and contact your faculty for planning advice if course scheduling has changed in a future year.

### Program Requirements

#### [Bachelor of Human Movement and Nutrition Sciences component](#)

The BHMNSc program consists of 32 units comprising –

- 32 units for all Bachelor of Human Movement and Nutrition Sciences component

#### [Bachelor of Science component](#)

The BSc program consists of 32 units comprising –

- 4 units for all BSc Core Courses
- 28 units for 1 Major from BSc Majors (including any prerequisite courses, minors, program elective courses), or
- 28 units for 1 Extended Major from BSc Extended Majors (including any prerequisite courses, program elective courses)

### Selecting plans in SI-Net

A plan is a prescribed combination of courses within a program being either a major (16 units), extended major (24 units), or minor (8 units). Make sure the plans for your program are correctly listed in [mySI-net](#). If you require assistance selecting your plan(s), follow these [instructions](#).

You may need to change this study planner depending on the plan(s) that you have chosen to study.

### Global Experience

If you are planning on completing an overseas exchange, you may have to change this study plan. If you would like an exchange experience in your program, you are encouraged to seek advice early in your program and to be aware of the exchange application deadlines. For more information see the [Global Experiences](#) page.

### Changing to a Single Program (Exit Early)

If you have met the requirements of one of the single programs that make up your dual program, or if you have met the early exit criteria (see Additional Rules if applicable), you can choose to exit from your dual program with one degree. Alternatively, if you decide to change your program at any time during your studies, please contact the relevant faculty for advice.

### Further Assistance

If you need more help or have any questions, please contact the relevant Faculty for advice:

		HMST3103	Sport and Physical Activity Management	2	Level 3 Course	Level 3 course from BSc major list	2
Total Units			32	Total Units		32	

For the BSc component of the dual program, students completing a single major + minor will require one of the following due to amount of units required:

- Complete a Level 3 (or higher) course towards the minor\*; or
- Count 2 units towards both the major and minor requirements (excluding Level 3 courses); or
- Only 2 units of prerequisite courses for the major.

\*Option (a) is displayed in the study planner above.

<sup>1</sup> If chosen BSc major only requires 2 units of prerequisites, complete course from BSc minor

<sup>2</sup> If already completed requirements for minor, must complete a Level 3 course from BSc course list.
